

A message to our customers

We want to update you on what Cardinal Services is doing to help minimize the spread of COVID-19 (Coronavirus), and offer a few words of comfort and reassurance to all of our valued customers.

We are following and monitoring the official guidelines presented by the Center for Disease Control and Prevention and Indiana Officials carefully. We are doing everything that is required to ensure that we are supporting the health and wellbeing of our customers, the people we serve and staff members. To help combat the spread of COVID-19, we have been putting precautionary safety measures in place, including restricting visits to Cardinal facilities, increased training, and much more.

Also in place is a meticulous response plan limiting any exposure to the coronavirus following its potential arrival at Cardinal or the areas we serve. The agency has taken an especially focused approach to the people we serve considered to be at high health risk. I assure you that Cardinal Services' top priority is to assure the health and safety of our employees, the people we serve and our community.

If you have any questions or concerns about visiting Cardinal Services at this time, please do not hesitate to send us an email at Vickie.lootens@cardinalservices.org.

We wish all of our customer's good health and hope that we will see you at Cardinal Services very soon.
